

## REGIMENT OF THE NEW YORK VOLUNTEERS. PROGRESS OF LIBERATION OF THE ANNIVERSARY OF THE SURRENDER OF MEXICO.

The officers, non-commissioned officers, and privates, who served in the New York Regiment of Volunteers, or other regiments or corps engaged in the late war with Mexico, and now enrolled as members of the Ind. Regt. present, Battalion, created by an act of the Legislature, and approved by the Governor, in June, 1853, met last evening at the Mercer House, to make arrangements for cele- brating the anniversary of the surrender of the city of Mexico.

Colonel Ward P. Burnham, President, said that it seemed to him that they should come together to commemmorate the hard fought battle in which they had all participated—it was a day they should celebrate—a day they should not forget in their own might. He regretted that they were not yet properly equipped and that he had not my authority to present to the officers. He however would suggest that they should meet again on the 16th to be sure in their arrangements. He further said that he was dressed with uniform he would say, let them have a parade; there were already enrolled thirty men but they could not parade more than thirty, and it would be better that they should all come together in the same dress. He further said, that he had no authority to understand where they would be located when formed to provide music and collection for the celebration of the 16th instant.

Court Call number—Tenth Day.

SUPREME COURT.—Special Term.—Statute motions.

**THE DIRECTORS OF THE ASSOCIATION FOR THE EXHIBITION OF THE INDUSTRY OF ALL NATIONS** give notice that the exhibition will open on Saturday, September 1st.

Some changes and addition will be inserted from time to time, but, made, but in its great departments of raw produce, manufacture, and art, the exhibition may be now pronounced complete.

The Directors in making this announcement, take pleasure in calling attention to the fact that the exhibition is both comprehensive and attractive that has been made in this country, and they believe it will compare favorably with any.

The selection of foreign art, and the products of the skill of the Old World is altogether superior to anything over here, or to be found in this country, while the inventive ingenuity, and originality of our own countrymen, and of our own people, have never before been made so apparent.

The enterprise and the talents of over 600 exhibitors have been brought together under one roof, and the Directors invite their fellow citizens to embrace the present opportunity to view the works of art, which have been offered.

He who has not yet seen the exhibition, will not be made aware of what it is until he has done so.

The exhibition will close on the month of December next.
